SALES OF GOVERNMENT PUBLICATIONS

The Superintendent of Documents, Washington, D. C., is authorized to sell at cost of paper and printing any United States public document in his charge the distribution of which is not otherwise provided for.

Publications can not be supplied free to individuals nor forwarded in advance of payment.

Publications entered in this catalogue that are for sale by the Superintendent of Documents are indicated by a star (*) preceding the price. A dagger (†) indicates that application should be made to the Department, Bureau, or Division issuing the document. A double dagger (‡) indicates that the document is not obtainable. Whenever additional information concerning the method of procuring a document seems necessary, it will be found under the name of the Bureau by which it was published. The Senate and House documents and reports are issued in limited editions, and, unless otherwise indicated, may be obtained only through Members of Congress.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing Department, Bureau, or Division, and the title of the publication. If the publication is numbered, give the number also. Every such particular assists in quick identification. Do not order by the Library of Congress card number.

The accumulation of publications in this Office amounts to several millions, of which over a million are assorted, forming the sales stock. Many rare books are included, but under the law all must be sold "at cost," regardless of their age or scarcity. Many of the books have been in stock some time, and are apt to be shop-worn. In filling orders the best copy available is sent. A general price-list of public documents is not available, but lists on special subjects will be furnished on application.

MONTHLY CATALOGUE DISTRIBUTION

The Monthly catalogue is sent to each Senator, Representative, Delegate, Resident Commissioner, and officer in Congress, to designated depositories and State and Territorial libraries, to substantially all Government authors, and to as many school, college, and public libraries as the limited edition will supply.

Subscription price to individuals, \$1.10 a year, including index. Back numbers can not be supplied. Notify the Superintendent of Documents of any change of address.

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the L. C. catalogue cards will be found at the end of the titles of the more important monographic documents. The figure following the card number (separated from it by a slanting line) indicates the number of cards required for entries suggested (title entry not included) on the cards. The price of the cards is 2c. for the first card and $\frac{1}{10}$ c. for each additional card for the same title ordered at the same time. Remittances for the L. C. catalogue cards should be made to the Librarian of Congress. They can not be furnished by the Superintendent of Documents.

INDEX

An Index to the Monthly catalogue is issued at the end of the fiscal year. This contains index entries for all the numbers issued from July to June, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalogue at the end of the year should be careful to retain the numbers received monthly, as duplicate copies can not be supplied.

HOW TO REMIT

Remittances for the documents marked with a star (*) should be made to the **Superintendent of Documents, Washington, D. C.**, by coupons, postal money order, express order, or New York draft. Currency may be sent at sender's risk.

Postage stamps, foreign money, defaced or smooth coins, positively will not be accepted.

For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his Office in sets of 20 for \$1.00. **Address order to Superintendent of Documents, Government Printing Office.**

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Porto Rico, Samoa, or to Canada, Cuba, Mexico, or Shanghai. To other countries the regular rate of postage is charged, and remittances must cover such postage.

SMITHSONIAN INSTITUTION

NOTE.—In its latest price-list the Smithsonian Institution publishes this notice: "Applicants for these publications are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which applicants are especially interested. The papers included in this list are distributed *gratis*, except as otherwise indicated. Publications should be ordered by the *publication number*, and arranged in sequence. The serial publications of the Smithsonian Institution are as follows: 1, Smithsonian contributions to knowledge; 2, Smithsonian miscellaneous collections; 3, Smithsonian reports. No sets of these are for sale or distribution, as most of the volumes are out of print. The Contributions to knowledge and Miscellaneous collections are distributed without charge only to public libraries, learned societies, institutions, and specialists in this country and abroad. The Smithsonian reports are regularly distributed by the Institution to libraries throughout the world, and only a limited number of the volumes remain to supply other demands. No general mailing-list of individuals is maintained. The reports can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D. C. Remittances for publications not distributed gratuitously should be made payable to the 'Smithsonian Institution.' Applications from libraries should be accompanied by a statement of the number of volumes which they contain and the date of their establishment, and should have the endorsement of a Member of Congress."

The annual reports are the only Smithsonian publications that are regularly issued as public documents. All the others are paid for from the private funds of the Institution, but as they are usually regarded as public documents and have free transmission by mail they are listed in the Monthly catalogue.
